

NATURAL OXYGEN MASK

Problematic skin sometimes requires the use of a concentrated mix of skin clearing ingredients. Masking provides an extended period of contact between those active ingredients and your skin, which results in an invigorating deep cleansing.

Savarnas Mantra Natural Oxygen Mask uses the incredible oxidizing benefits and skin clearing properties of Hydrogen Peroxide in a soothing and comfortable mask.

Hydrogen Peroxide releases an abundance of oxygen directly to the skin, which helps to lift dirt from deep within the pores while enhancing the skin's breathing and metabolic process. This helps renew the skin and stimulates collagen build up for a younger more healthy appearance.

A Simple once a week treatment of this fabulous mask, can result in radical beauty and skin improvement.

benefits

- Provides a deep satisfying clean
- Gently lifts dirt and excess oils
- Exposes vibrant new skin
- Reduces the appearance of wrinkles and fine lines

daily application

Weekly

Ingredients

Purified Water (Aqua), Glycerin, Glyceryl Polyacrylate, Hyaluronic Acid, Hydrogen Peroxide, Phenoxyethanol, Ethylhexylglycerin

directions

Apply a thin layer to face and neck. Avoid eye area. Rub in circular motion to a thin layer. Leave on for 7-10 minutes while relaxing. Rinse with lukewarm water. Towel dry

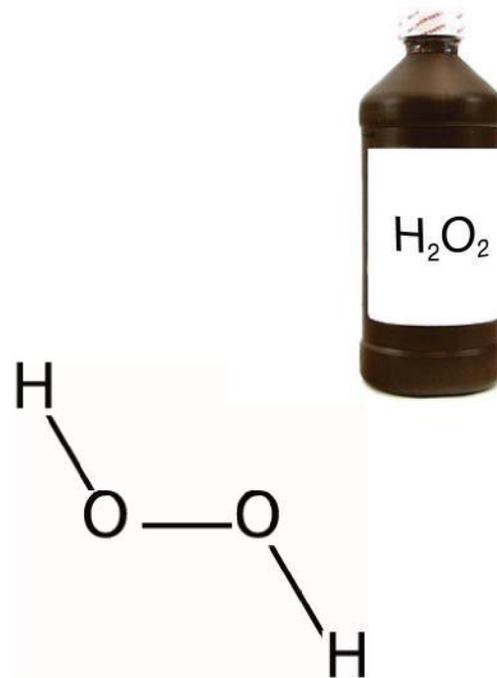

how it works

Hydrogen Peroxide is a natural occurring compound that serves many biological functions. Apart from its excellent dirt lifting properties, its chemical structure helps to deliver skin nourishing oxygen.

As the chemical structure of the Hydrogen Peroxide (H_2O_2) breaks down into water (H_2O) and oxygen (O). The water provides moisturization, while the oxygen works to enhance the breathing and metabolic process that influences the development of new skin cells.

This process helps stimulate the production of collagen, providing a more youthful and healthy appearance.

An oxygen rich environment helps deter bacteria, which is a useful means in treating problematic skin. Savarnas Mantra Natural Oxygen Mask also contains Hyaluronic acid. This ingredient occurs naturally within the skin, and has the propensity to attract and retain water from the outside environment, making it an excellent moisturizer.
