

## Natural Pigment Correction Serum

Combining two effective, plant derived, skin lighteners, Savarnas Mantra Natural Pigment Correction Serum encourages the promotion of a brighter, more uniform complexion. By inhibiting the production of tyrosinase, our Natural Pigment Correction Serum helps to stop the formation of melanin pigments, while the plant extracts help to exfoliate dark surface cells. Within weeks, pigmented spots are reduced in color, size, and quantity and skin appears smoother, softer and more supple. Savarnas Mantra Natural Pigment Correction Serum contains a combination of 6 different plant extracts, making up a total of 12 botanical extracts to provide consistent and reliable results.

### key benefits

- ✓ Lightens skin
- ✓ Inhibits tyrosinase activity
- ✓ Limits melanin production
- ✓ Exfoliates as it moisturizes

### directions

Apply to clean skin morning and night as directed
